

MOLETADIKGWA: COMMON TREES AND SHRUBS

- Acacia (Senegalia) ataxacantha* 160 - flame thorn; vlamdoring
Acacia (Senegalia) caffra 162 - common hook-thorn; gewone haakdoring
Acacia (Vachellia) karroo 172- sweet-thorn; soetdoring
Acacia (Vachellia) robusta 183 – broad-pod robust thorn; enkeldoring
Albizia tanganyicensis 157- paperbark false-thorn; papierbasvalsoring
Aloe marlothii 29.5 - flat flowered aloe; mountain aloe; bergaalwyn
Berchemia zeyheri 450 – red ivory, rooi-ivoor
Brachylaena huillensis 727 – lowveld silver oak; laeveldvaalbos
Brachylaena rotundata 730 - mountain silver-oak; bergvaalbos
Burkea africana 197- red syringa; wild syringa; rooising
Calpurnia aurea 219 – wild laburnum; geelkeur
Canthium suberosum 709.1 – corky turkey-berry; kurkbokdrol
Carissa edulis 640.4 – climbing num-num; ranknoemnoem
Cassinopsis ilicifolia 420 – lemonthorn; lemoentjedorning
Celtis africana 39 - white stinkwood; witstinkhout
Clerodendrum glabrum (Volkameria glabra) 667 – tinderwood; tontelhout
Combretum apiculatum 532 - red bushwillow; rooiboswilg
Combretum hereroense 538 - russet bushwillow; kiereklapper
Combretum moggii 542 - rock bushwillow; rotsboswilg
Combretum molle 537- velvet bushwillow; fluweelboswilg
Combretum nelsonii 540.2 - Waterberg bushwillow; Waterbergboswilg
Combretum zeyheri 546 – large-fruited bushwillow; raasblaar
Commiphora marlothii 278 - paperbark corkwood; papierbaskanniedood
Croton gratissimus 328- lavender croton; laventelkoorsbessie
Cussonia transvaalensis 564.3 – Waterberg cabbage tree; Waterbergkiepersol
Dichrostachys cinerea 190 - sickle bush; sekelbos
Diospyros lycioides 605 - monkey plum; bloubos
Diospyros whyteana 611 - bladdernut; swartbas
Diplorhynchus condylocarpon 643 - horn-pod tree; horingpeultjie
Dombeya rotundifolia 471 - wild pear; bride of the Bushveld; drolpeer
Elaeodendron transvaalense 416 – bushveld saffron; bosveldsaffraan
Elephantorrhiza burkei 193 - sumach bean; breëpeulbasboontjie
Englerophytum (Bequaertiodendron) magalismsontanum 581- stemfruit; stamvrug
Erythrina lysistemon 245 – coral tree; koralboom
Euclea crispa 594 - blue guarri; bloughwarrie
Euclea divinorum 595 – magic guarri; towerghwarrie
Euclea natalensis 597 - Natal guarri, Natalghwarrie

Euphorbia ingens 351 – common tree euphorbia, gewone naboom
Faurea saligna 75 - Transvaal beech; boekenhout
Ficus ingens 55– red-leaved fig; rooiblaarrotsvy
Ficus thonningii 48 - common wild fig; gewone wildevy
Gardenia volkensii 691 – Transvaal gardenia; kannetjieboom
Grewia bicolor 458 - white raisin; witrosyntjie
Grewia flava 459.1 – velvet raisin; fluweelrosyntjie
Grewia flavescens 459.2 – soft-leaved sandpaper raisin; sagteblaarskurwerosyntjie
Grewia monticola 462 – silver/grey raisin; vaalrosyntjie
Grewia occidentalis 463 – cross-berry; kruisbessie
Grewia rogersii 463.7 – Waterberg raisin; Waterbergrosyntjie
Gymnosporia buxifolia 399 - common spike-thorn; gewone pendoring
Gymnosporia polyacantha 402.3 – hedge spike-thorn; kraal pendoring
Gymnosporia tenuispina 402.8 – bell spikethorn; klapperbos
Heteropyxis natalensis 455 – weeping lavender tree; laventelboom
Hexalobus monopetalus 106 – shakama plum; shakamapruim
Kirkia wilmsii 269 - mountain syringa; wild pepper tree; bergsering
Lannea discolor 362 - live-long tree; dikbas
Maerua caffra 133– common bush-cherry; gewone witbos
Maytenus albata – grey koko tree; gryskokaboom
Mimusops zeyheri 585 - Transvaal red milkwood; moepel
Mundulea sericea 226- silver bush; cork-bush; kurkbos
Nuxia congesta 633 - common wild elder; gewone wildevlier
Obetia tenax 70- mountain nettle; bergbrandnetel
Ochna pulchra 483 – peeling plane; lekkerbreek
Olea europaea subsp. *africana* 617 - wild olive; olienhout
Ozoroa paniculosa 375 - common resin tree; bosveldharpuisboom
Pachystigma triflorum (*Vangueria triflora*) 714.2 - Waterberg medlar; Waterbergmispel
Pappea capensis 433 - jacket plum; doppruim
Pavetta eylesii 717.1 - large-leaved bride's bush; grootblaarbruidsbos
Peltophorum africanum 215- weeping wattle; African-wattle; huilboom
Protea caffra 87 - Highveld protea; common sugarbush; gewone suikerbos
Protea welwitschii 98.2 - honey-scented or cluster-head protea; troshofiesuikerbos
Pseudolachnostylis maprouneifolia 308 - kudu-berry; koedoebessie
Pterocarpus rotundifolius 237– round-leaved bloodwood; dopperkiaat
Rhoicissus revouillii 456.3 - bitter forest grape; bitterbosdruif
Rhoicissus tridentata 456.6 - bushman's grape; boesmansdruif
Rothmannia capensis 693 - Cape gardenia; Kaapse katjiepieping
Schotia brachypetala 202 - weeping boer-bean; huilboerboon

Schrebera alata 612 – wild jasmine bush; wildejasmynbos
Searsia (Rhus) keetii 384.5 – slender karee; skraalkaree
Searsia (Rhus) leptodictya 387 - mountain karee; bergkaree
Searsia (Rhus) pyroides 392 – common wild currant, gewone taaibos
Searsia (Rhus) rigida – Waterberg currant; Waterbergtaaibos
Searsia (Rhus) zeyheri 396.1 - blue currant; bloutaaibos
Securidaca longipedunculata 303- violet tree; krinkhout
Strychnos cocculoides 623 – corky monkey-orange; kurkbasklapper
Strychnos madagascariensis 626 – black monkey-orange; swartklapper
Strychnos pungens 628 - spine-leaved monkey-orange; stekelblaarklapper
Strychnos usambarensis 631 - blue bitterberry; bloubitterbessie
Tarchonanthus parvicapitulatus (T. camphoratus) 733.7 – small-head camphor-bush
Terminalia brachystemma 548 – green cluster-leaf; groenvaalboom
Terminalia sericea 551 - silver clusterleaf; vaalboom
Tricalysia lanceolata 699 - jackal-coffee; jakkalskoffie
Vangueria cyanescens 702.1 - bush medlar; bosmispel
Vangueria parvifolia (Tapiphyllum parvifolium) 703 - mountain medlar; berg mispel
Vitex pooara - Waterberg pooara-berry; Waterberg-poerabessie
Vitex rehmannii 664 – pipe-stem fingerleaf tree; pypsteelvingerblaar
Ximenia caffra 103 – sourplum; suurpruim
Zanthoxylum capense 253 - small knobwood; kleinperdepram
Ziziphus mucronata 447 – buffalo-thorn; blinkblaarwag-'n-bietjie

MOLETADIKGWA: SOME COMMON TREE USES

Acacia caffra (162) - Common Hook-Thorn; Gewone Haakdoring
 Leaves and pods browsed by stock; various parts used medicinally

Acacia karroo (172) - Sweet-Thorn; Soetdoring
 Tree browsed by game; bark used for tanning; yields strong rope, edible gum and seeds used as coffee substitute. Root used as medicine

Albizia tanganyicensis (157) - Paperbark Albizia or False-thorn; Papierbasvalsdoring
 Young pods are toxic

Aloe marlothii (29.5) - Flat Flowered Aloe; Mountain Aloe; Bergaalwyn
 Ash from the dried leaves is mixed with tobacco snuff. The leaves and sap are used medicinally

Burkea africana (197) - Wild Syringa; Wildesering
 Dried and crushed bark used as fish poison; bark and root for tanning and for medicine. Red dye from root.

Cassinopsis ilicifolia (420) - Lemon Thorn; Lemoentjedorning
 Fruit eaten by birds.

Commiphora marlothii (278) - Paperbark Corkwood; Papierbaskanniedood
Fruitpulp edible and made into jam or jelly; root chewed for sweet juice.

Croton gratissimus (328) - Lavender Croton; Lavender Fever-berry; Laventelkoorsbessie
Plant browsed by game and stock; leaves aromatic and used as perfume by San; leaves and bark used medicinally

Dichrostachys cinerea (190) - Sickle Bush
Stock and game eat pods; bark yields fibre; wood for fence poles and firewood. Medicine from various parts of the tree.

Elephantorrhiza burkei (193) - Sumach Bean; Basboontjie
Roots are used medicinally; used for tanning leather

Faurea saligna (75) - Boekenhout
Excellent timber for furniture; bark used for tanning leather

Ficus thonningii (48) - Common Wild Fig; Gewone wildevy
Fibres from bark used in mat- making.

Kirkia wilmsii (269) - Mountain Seringa; Bergsering
Bark yields strong fibre.

Lannea discolor (362) - Live-Long Tree; Dikbas
Fruit is edible; bark used medicinally, for tanning, for twine and as a source of red dye. Roots are split and used in basket making.

Mundulea sericea (226) - Silver Bush; Cork Bush; Kurkbos
Bark contains rotenone and is used as a fish poison; leaves browsed by game and stock; leaves, bark and roots used medicinally.

Obetia tenax (70) - Mountain Nettle; Bergbrandnetel
Bark yields a strong fibre; leaves are cooked as a green vegetable

Ozoroa paniculosa (375) - Common Resin Tree; Gewone Harpuijsboom
Fruit used for dyeing leather; browsed by elephant and rhino.

Pappea capensis (433) - Jacket Plum; Doppruim
Fruit browsed by game and stock; used for jam. Seeds yield oil which is edible and is used medicinally and for soap-making. Bark used medicinally.

Peltophorum africanum (215) - Weeping Wattle; Huilboom
Browsed by game; wood for carving; bark and root for medicines.

Protea caffra (87) - Highveld Protea
Bark is used medicinally

Pseudolachnostylis maprouneifolia (308) - Kudu-Berry; Koedoebessie
Leaves and fruit eaten by antelope and elephant; bark, root and leaves used medicinally

Schotia brachypetala (202) - Weeping Boerboon; Huilboerboon
Leaves browsed by game; bark used medicinally and for tanning

Searsia (Rhus) leptodictya (387) - Mountain Karee; Bergkaree
Beer brewed from the fruit; various parts used for medicine.
